“I have been involved in nutritional medicine for over 18 years,” said Dr. Ray Strand. “Although I saw good results in patients with other nutritional products, when I started recommending ARIIX products I saw better and faster results that significantly improved their health. These products not only met my criteria for quality and completeness, but they exceeded them because they contain several potent nutrients that most products of other companies don’t have.”

Dr. Ray Strand, M.D.
Author & Chief Medical Director
ARIIX Scientific Advisory Board

As a leader in the health and wellness sector, ARIIX has developed and introduced products benefiting consumers from all walks of life. And we’re not done yet.

Like all successful companies, much of what has led to ARIIX’s meteoric rise is our ability to develop new products for specific segments of the population, then develop additional offerings to complement its existing brands. Such commitment to innovation signals to consumers that not only are we consistently ahead in the market, we’re not content resting on our laurels.

That’s because ARIIX adheres to the following principle: Develop a brand and product people like and are drawn to; gain consumers’ trust and reliance on that product; then add additional products and lines to retain if not grow market share. Unfortunately, many network marketing companies have been slow to the game when it comes to developing new products. Instead of investing in research and development to create new lines, many companies are content repackaging and re-marketing existing lines at existing prices, and making up bigger stories about their products.

“No one man knows it all!”

ARIIX, however, realizes such a practice is shortsighted, which is why we are constantly mining for new ideas, advancing products and brands through a collaborative effort. By utilizing a network of scientific experts in developing a growing line of cutting-edge products, ARIIX has separated itself from the myriad network marketing companies struggling to survive.

“Raw materials and quality control are the key to an excellent nutritional supplement,” said ARIIX Chief Product Officer and co-founder, Deanna Latson. “The Food and Drug Administration’s manufacturing standards are not rigid enough begins by selecting the freshest our raw ingredients are tested to verify they are contaminant constantly collaborating with a panel of industry and medical experts to make sure that our products are not only safe to consume but incredibly effective.”

So what does the ARIIX seal of approval on the back of each product mean to consumers? In a word: **Trust.**

That is because every ARIIX product goes through a strenuous testing and approval process prior to release. All products are tested by third-party groups and are manufactured to meet the standards leading consumer protection organizations demand, namely the Food and Drug Administration, Over The Counter, and Good Manufacturing Practice.

ARIIX is setting the standard by which others are judged.

Quality is obtained through formulating certified raw materials sourced from experienced suppliers and the collaboration in our manufacturing process to ensure purity and potency within our products, which makes them very effective.

EXPERIENCED & PROVEN

Perhaps most important is the fact that collaboration cannot be with scientists, doctors, professors, & industry experts alone...

Duke & Sheila Tubtim, Chairperson 3, CA

We have been involved with ARIIX since day one. We came from the previous company the Founders of ARIIX came from. The year they decided to leave was the same year we had earned the number 25 Income Earner spot worldwide for that company. Even though we were in a comfortable position, we knew that companies grow based on management. Steve Jobs is a great testament to this, since he proved what strong leadership and management could do for a company. Therefore, we wanted to remain loyal to the leadership who carried the prior company for over a decade and decided to follow them into ARIIX. It was the best decision we could have ever made and the success of our team shows it.

Ambitious Premier
2012 & Vision
Award 2013

ARIIX is the best fit for us long-term because of the way we live our lives. In everything we do, we try to be the best example we can and help as many people achieve as much success as possible. We are very grateful that the team we work with is so supportive of each other and at the end of the day we grow stronger, closer and happier together. We know that we wouldn't be where we are today without the support of our team and our culture of teamwork, problem solving, and motivating one another. **(2013 Elite Winner)**

We are also proud to say that so many of our teammates are finally getting their breakthroughs in ARIIX. Watching teammates grow their income and for some even being able to purchase their exotic dream car gives a great feeling of "we aren't the only ones" achieving success. We know that this is only the beginning for this company being that it is only a couple years old. There is so much opportunity still available to those that take ARIIX seriously.

John Lucardie, CEO, The Netherlands

I believe that everything we do should be for the long term, has to be special and different. It should create a positive change, which we can proudly pay forward. I was immediately drawn to ARIIX when we learned of their vision to Unleash the Human Potential for Good. What a powerful mission statement, a perfect fit.

Success leaves clues, having an experienced and proven management team is key for success. The "Bill of Rights" they created is by itself revolutionizing the industry. Now we can truly say it is our business, without fear of losing it all like I did in November 2011. Just overnight, with a simple notice on a webpage I lost my multi-million dollar business. Last but not least, the promise and commitment ARIIX gave us to bring back our flagship product you now all know as MOA, the choice was made to join ARIIX.

Products with the highest manufacturing certifications and third party product endorsements offer real solutions for all needs and wants for people around the globe. Giving people a life changing experience. Nothing is more rewarding than when you get a testimonial back, thanking you for helping them, priceless. The patent-pending Active8 Compensation Plan is simple unique. It pays so much more than any other plan out there for everyone involved and truly rewards teamwork. The Brand Strategy, the Loyalty Program, I can go on and on. No one comes close to ARIIX and quality always wins, period! ARIIX is getting prestigious award after award and set an all time industry record for first year sales. There's no better proof than this!

We have created a revolutionary new way of doing business together. We are building our business by creating a perfect balance between highly trained, dedicated representatives and a strong preferred customer base. Success is not achieved on your own. I have the great privilege to work with an inspiring team of people, many of whom are now my true friends for life! Without their passion, drive and hard work, our success wouldn't exist.

We are travelling the world, seeing the most beautiful places, enriching our life with new cultures, making lifelong friends and lasting memories. ARIIX secured our financial future, let us lead a balanced life of health and wealth and we enjoy true freedom. So much more to discover, life is beautiful. Stop dreaming and start living your dreams. It won't get better than this, your search is over. Welcome home, welcome to the team! Let's Go! **(2013 Elite Winner)**

SERVANT LEADERSHIP

...it **MUST** include those who have acquired the necessary industry knowledge and experience.

Lynn Allen-Johnson, CEO, FL

Ambassador Premier 2012

I lived in poverty for many years of my life until in 1997 at age 50, I decided to draw a line in the sand and do something about it. Although I knew nothing about network marketing other than the negatives I had heard, I quickly realized that this was the vehicle that was going to set me free for the rest of my life and allow me to leave a legacy for my Grandchildren. My success didn't happen quickly but 5 years into my journey I bolted to one of the top ten income earners in the entire world. I am a true rags to riches story and I just loved owning what I thought was MY OWN business. I guess I should have read the fine print on the application I signed back in 1997.

During my journey I became very close to both the President and Vice President of my previous company. I knew their hearts, and their passion to make a difference in this world and it was totally congruent with who I am as a person. Business is about relationships for me and when these two men and others left my company, a piece of me died inside. Within a week I was sitting down with them to see why they had left. That conversation ended up being a major turning point in my life and it was then that I realized that this business I had poured my heart and soul into for almost 15 years was not even mine. I was terminated before ARIIX even started and went from being a top income earner to having no paycheck overnight. I was asked to stay but wasn't willing to sell my soul to do so.

The decision I made to join ARIIX was the best decision I ever made for my physical and financial health. I spent all of those years in a health company and didn't even know what health was till I came to ARIIX. I have lost 40 pounds, freed myself of life long health challenges and am in the best physical shape of my life. People tell me I look 15 years younger. I sure like the sound of that.

Financially I have achieved my success in a very short period of time and I am living the life of my dreams. After spending 15 years following someone else's vision, I am proud to say that I am now following my own. **(2013 Elite Winner)**

Steve & Myrna Swartz, CEO, CA

Here is one very compelling tip. If you are suffering from constant office politics, long commutes, working a second job, living paycheck to paycheck, enduring economic downturns, or having little to no savings, then the clear-cut solution is to start an ARIIX business right now. In the new economy, network marketing is the best answer, and ARIIX is the best company to secure you and your family a true, long-term residual income due to the brand diversification, Bill Of Rights, and leadership.

Prosperity Premier 2012

Since starting our ARIIX business, my family has lived on a beach in Florida, the resort town of Park City, UT and now in beautiful San Diego, CA. ARIIX offers us a better way to control our time and our freedom. We don't have to ask permission for vacation or how long we can take for lunch everyday. ARIIX's breakthrough global expansion offers us a remarkable way to create an international business right from the comfort of our home. Today there are many network marketing companies promoting car

programs, but with ARIIX we are not forced to go into debt on a car lease that we don't want or need, instead we are using the \$2000 a month Savings Bonus to put our daughter, Samantha, into a prestigious private school. The impact of the Luxury Bonus alone will help shape her life forever.

Additionally, ARIIX creates life-long family memories. Our kids are still raving about the free Caribbean cruise we won with the latest ARIIX incentive trip. One startling fact is how ARIIX is putting productive moms and dads back at home raising their families while they are increasing their incomes. This is truly an immeasurable benefit. ARIIX is a powerful and proven way to give you the ultimate, time freedom advantage over any other business or profession on the planet. Add an ARIIX business to your life today and experience the life of your dreams!

ARIIX is an opportunity company that is very concerned about your number one asset—your health. ARIIX firmly believes that individuals need to be more proactive in protecting their health or possibly regaining their health if they have already lost it. Therefore, ARIIX's Nutrifii division has developed First Step Therapy. This program is cutting-edge, scientifically proven for individuals who are concerned about being overweight, or who have early pre-diabetes, diabetes, high blood pressure, elevated cholesterol, or who may simply want to protect their health. Nutrifii's First Step Therapy promotes a triad of healthy lifestyles, which is a healthy

diet, modest exercise, and nutritional supplementation. These lifestyles have been shown in several clinical trials to be effective in lowering your cholesterol, blood pressure, blood sugars, as you are able to effectively establish your healthy weight.

ARIIX has developed several products in their Nutrifii division, which allow you to support your body's natural defense systems and make these lifestyle changes easier to achieve. They have developed nutritional supplements that provide the body with the optimal levels of nutrient support, healthy

SLENDERIIZ™

A Weight Management System Clinically Proven to help you lose weight up to 3X faster than Diet & Exercise Alone!

How does it work? One drop at a time.

Among the key components of the **Slenderiiz™ System** are Slenderiix, a homeopathic weight-loss enhancer that is consumed in drop form; Xceler8, a natural energy booster that provides an energy pick-me up; and PureNourish, a shake that has proven widely popular, not only for its taste but for its weight-loss properties.

In a nutshell, Slenderiix helps control the impulse to overeat by inhibiting unnecessary hunger pains. Its partner, Xceler8, takes advantage of Vitamin B12, providing a natural boost of energy that the body burns while it acclimates to functioning on fewer calories. The final component of the Slenderiiz™ System is PureNourish, a tasty, easy-to-make shake comprised of several proteins, including pea protein and other vital nutrients. Not only is PureNourish a healthy alternative to “fast food,” it tastes incredible.

What makes the Slenderiiz program stand apart from the other diet programs, which at the end of the day amount to simply limiting caloric intake (i.e. a starvation diet), are the homeopathic drops that help dieters overcome the hunger pangs that accompany the reduction of calories. When taken in conjunction with the PureNourish and Nutrifii™, not only will dieters suffer fewer hunger pangs, they enjoy greater and faster results than those who are simply counting calories.

Kicking bad-eating habits isn't easy, and few people can do it alone. The **Slenderiiz™ System** helps people make the change and improve the quality of life — for them and for the loved ones around them.

What's In Your Water?

Water may seem like an incredibly abundant resource, especially when considering that 70 percent of our planet is comprised of oceans. The truth is, however, that water is not an infinite resource — especially drinkable water.

Because of the molecular structure of water, it easily dissolves numerous chemical compounds, some of which humans and other organisms need to survive. These same compounds, however, **can also be toxic**. The amount of dissolved substances runs a spectrum, ranging from a few milligrams per liter in average rainwater to as many as 320,000 milligrams per liter in the Dead Sea.

Some of the trace elements found in **tap water include arsenic and nitrate**, while heavier elements may include **chromium and selenium**. All are extremely dangerous and can wreak havoc on the body, leading to longterm or potentially **fatal illnesses**.

Is 99% Really Pure?

Many companies say they remove toxins from our water but do they really?

In the United States, public water utilities are required to notify consumers of contaminants, while bottled water companies are not — nor are they even required to inform consumers where the water in their products originated. As a result, **bottled water could contain any manner of harmful elements** and the water source could be located anywhere in the world. Simply put, for all the perceived health benefits bottled water present, the reality is that it could be several times less healthy than regular tap water. Even the Environmental Working Group, which bills itself as the most effective environmental health research and advocacy organization in the United States, recommends drinking filtered tap water over bottled water.

The Puritii™ filters remove Bacteria, Protozoa & Viruses exceeding NSF Standards by as much as 10X!

PER BOTTLE COMPARISON
Puritii Water = .17
vs.
Bottle Water = \$1.29

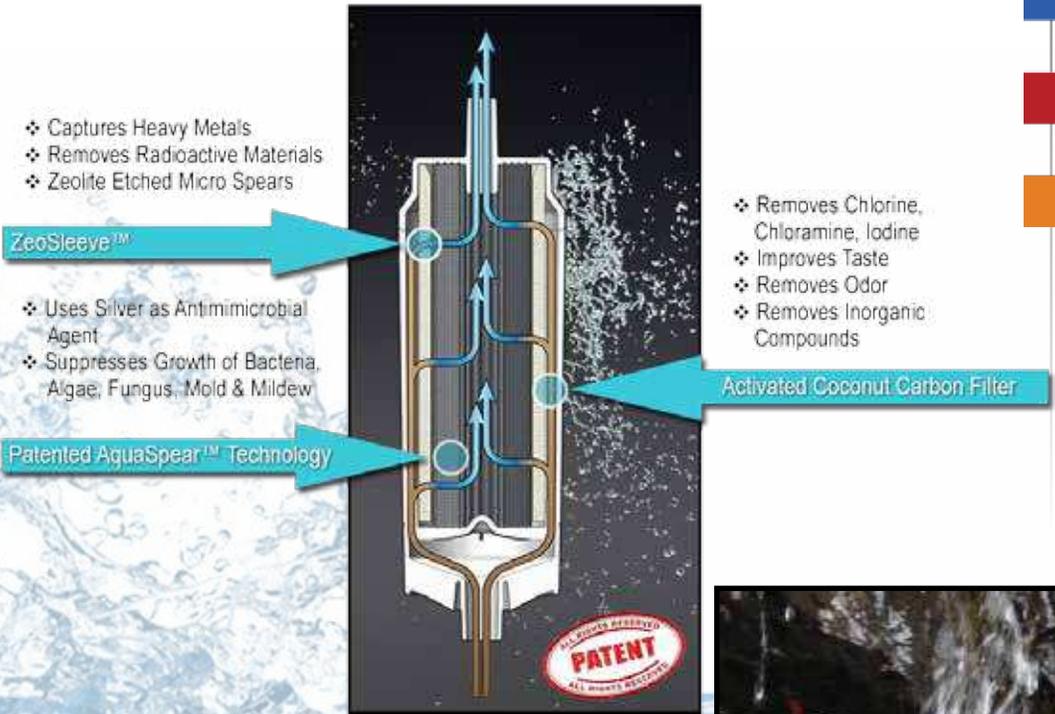

The world's safest and most advanced portable water filtration system

So what makes the Puritii™ Water Filtration System the best on the planet? It starts with its unique patented design and ends with the international accolades it has garnered. In between there's the fact it's cheaper to use than bottled water and environmentally friendly.

Really though, what truly makes the Puritii™ Water Filtration System the best portable water filter in the world, is the simple fact that no matter where you roam, whether it's the rain forests of Central America, the vast African plains, or the barren deserts of the Middle East, Puritii's unique portable water filter can ensure that even the dirtiest of waters can be made safe for human consumption, even exceeding standards set forth by the National Sanitation Foundation.

But the Puritii™ Water Filtration System isn't just for world travelers hoping to avoid some digestive unpleasantness during their travels. For some, the filter provides a cushion of comfort should one's water system ever be compromised by dangerous toxins, metals or pharmaceuticals.

The PURITII™ filter provides you 50 gallons of pure drinking water.

ARIIX HAS CREATED THE ULTIMATE COMPENSATION PLAN

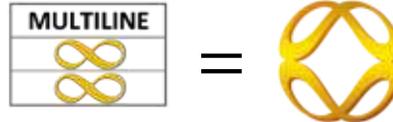

Most Network Marketing companies' compensation plans limit how much you can expand your business.

	Unilevel	Binary	Matrix
Width	∞	Limited	Limited
Depth	Limited	∞	Limited

ARIIX's patent pending MULTILINE compensation plan allows you to build your business the way you want to, without limits.

ARIIX lets you grow your business as big as you want—and compensates you fairly across the board.

You've probably heard a dozen stereotypes of Network Marketing—here's what ARIIX is doing to change the industry. Not only is our patent pending compensation plan created to take care of our representatives, our bonuses are structured to buck the trends of other Network Marketing Companies.

What You've Heard About Network Marketing...

The ARIIX Solution!

"It costs too much to stay active."

TEAM LEAD BONUS

With four personally sponsored Representatives on your team, you can cover the cost of your auto-delivery.

"The Team Lead Bonus has allowed us a higher retention in our downline." **Doug & Ingrid Swalies**, Vice President, Florida

"You are all on your own."

MATCHING BONUS

Its all about trust, you have a whole team that has an interest in you.

"I love the ARIIX Matching Bonus because its instills the team building concept with everyone, and with no cap on earning... It's truly a win-win!" **Rick Billings**, Senior Officer, Florida

"It takes a lot of money to make money."

ASAP BONUS

A proven traditional sales model, sell a pack, make money.

"People are always excited to learn they can earn an additional bonus on selected new member pack sales." **Carrie Holzmer**, Officer, Ohio

"Its all about fancy cars & hype."

SAVINGS BONUS

Teaching sound financial responsibility.

"The discipline of being financially responsible really hits home when ARIIX issues you a \$10,000 check for the Saving Bonus!" **Elvis Ky**, President, California

"Only the people at the top actually make money."

AUTO-BALANCING

Earn a commission on every sale to a preferred customer.

"Knowing I get paid on all my customers' purchases, along with extra personal volume, gives me piece of mind that ARIIX is doing the right thing." **Del Lewis**, Sr. Supervisor, California

"You just push it on your friends."

ACTIV8 COMPENSATION PLAN

"When people realize they can earn money many different ways with the ARIIX compensation plan, it becomes easy to share this amazing opportunity." **Maria Smith**, Officer, Texas

ACTIV8 COMPENSATION PLAN

All companies claim a unique compensation plan, but how many of them can boast their unique plan is Patent Pending three times over? That's right, ARIIX has filed for 3 patents for:

1. Our unique downline structure - a Multi-line
2. Our mathematical procedure for placing volume automatically, to optimize commissions (called Autobalancing)
3. Our innovation in creating compensation for working without crossline restrictions

Until now, all compensation plans are one of three types: a unilevel, a matrix, or a binary. A decade ago hybrids came out which combined attributes of these plan types. But today, ARIIX has invented an industry first patent pending plan type that allows Representatives to build infinitely wide, or deep without limitations.

Next, while other companies put in fine print or strings and hoops that Distributors must go through to optimize commissions based on their knowledge of the compensation plan, at ARIIX, you can know nothing about the plan, and "Autobalancing" will place the volume of your purchases and your customers purchases in your downline that will optimize commissions and bonuses for you AUTOMATICALLY!

Couple all of this, with a lifetime 2X membership discount program that not only gives you discounts on all the purchases you make, but also **DOUBLES** all bonuses, and you have more than unique, you have a **REVOLUTIONARY** method for compensation.

BASE COMMISSIONS

A Commission of 15% of the total volume points sold by each person is paid from each pay line.

GOLD STATUS

Achieve Gold Status by enrolling 4 new ARIIX Representatives within your first 8 weeks. "Gold Status" unlocks the first three generations of matching bonus and entitles you to special privileges for life.

AUTO-BALANCING

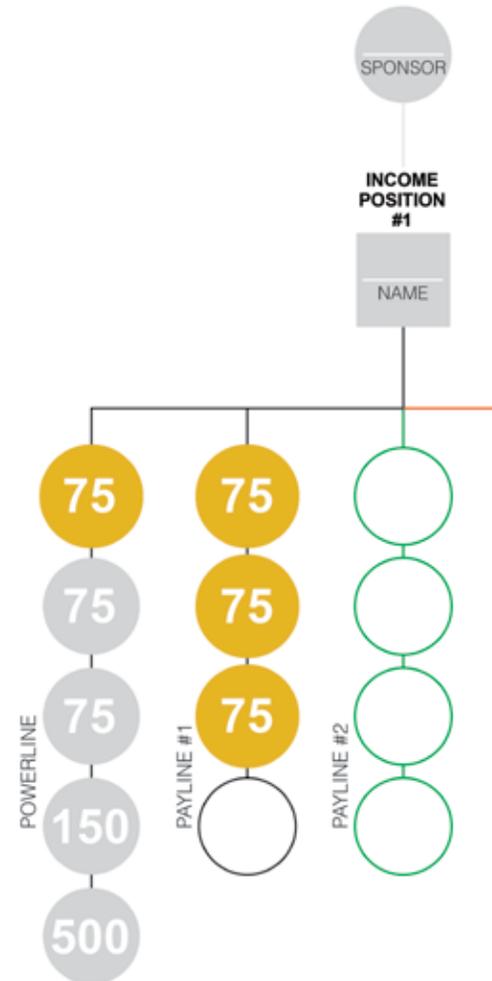

Maximize Earnings with More Lines. A patent pending mathematical algorithm places your volume where it pays you the most! Completely Automated!

ADDITIONAL PAY LINES & INCOME POSITIONS

What happens when you optimize? Optimizing an Income Position earns both another Pay Line and another Income Position. Earn an infinite number of Pay Lines and an infinite number of Income Positions.

TEAM LEAD BONUS

When you personally sponsor four Active members, you qualify for the Team Lead Bonus! This monthly bonus is worth \$67.50*, which can help offset the cost of your auto-delivery.

LEADERSHIP BONUSES

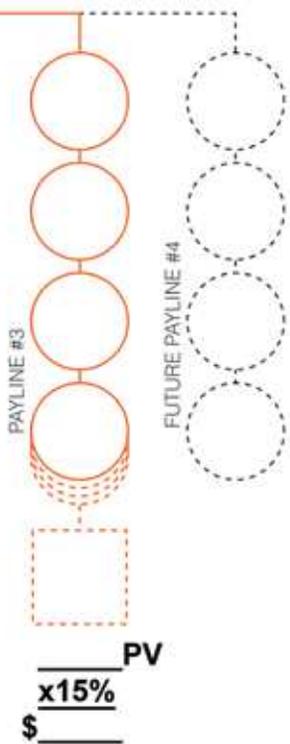

While other companies use loopholes to keep you from your earnings, ARIIX looks for ways to give you more. Whether your strategy is to build your business wide or deep, ARIIX rewards you for your efforts.

SAVINGS BONUS

The Savings Bonus is an additional monthly savings up to \$2,000 saved by ARIIX. Earn an extra 15% of your base commissions when you earn \$250 in a given week. When you reach \$10,000 ARIIX will issue you the Savings Bonus. You will then receive your earned bonus monthly.

MATCHING BONUS

Earn a percentage of Base Commission on the people you sponsor & they sponsor. There are no limits on who you sponsor, the number of people you sponsor, the people they sponsor or total amount of people you earn on. If a sponsor is inactive, everyone moves up a generation!

Generations	Bonus %	# of Representatives
1st	15%	4
2nd	10%	16
3rd	5%	64
4th	5%	256
5th	5%	1,024
6th	5%	4,096
7th	5%	16,384

Total: **21,844**

Qualifying Representatives who sponsor and teach **just four** people to duplicate sponsoring four, could be earning a matching bonus on 21,844 people, per line!

"After we both graduated from Berkley, we realized we had a choice early in our careers; 1. Go on in our medical profession pursuits, hundreds of thousands of dollars in debt, only to continually work under stressful conditions for a good paycheck, OR 2. Have our residual income built during that time, be financially independent of employment, and work under our conditions! We made the right decision and went with ARIIX." James & Becky Zheng, Senior Officers, California

Award 2013

Eliza & Scott Friedman

Officers, Georgia

We are so grateful and appreciative to have been introduced to ARIIX just 11 months ago! ARIIX truly is a premier opportunity company that allows us to focus on our passion for health & wellness and helping others! We have been able to achieve a high level of success in a relatively short period of time and help a lot of people in the process. With our prior industry experience, choosing ARIIX was the best decision we have ever made. **(2013 Elite Winner)**

Susan & Josh Frank

Senior Officer, North Carolina

Josh and I are Senior Offices with ARIIX. We live in Denton, NC with our two sons, Blake and Brayden. We've been with ARIIX for 11 months. We love the products that ARIIX has and the management team is awesome. They are so willing to listen to the field on what works. What we love most are all the amazing stories from my team on how much weight they have lost and how much better they are feeling. **(2013 Elite Winner)**

Ambassador Premier 2013

Todd & Ashley Rowland

Senior Officer, Florida

As one of the top high school football coaches in the nation, Todd absolutely loved his job and I loved being a stay at home mom raising our 4 children. Even though we had downsized in order to make it, as a single family income it seemed like no matter how hard we tried we still found ourselves living paycheck to paycheck. We even did all sorts of odd jobs like mowing yards, building fences, painting houses, just to try to provide for the family. And no matter how many hours Todd put into coaching or how many championships his team won, his pay was going to remain the same. Until one day when Todd's dad asked us to take a look at a business, which was our first introduction to the Network Marketing Industry. For us, it has been beyond anything we could have ever imagined as to the extent of how this industry has blessed our family! It has allowed us to spend time and travel with our kids to places we could have never done on a coaching salary. The best part is that we schedule our time instead of someone else scheduling it for us. And we decide how much money we want to make instead of someone deciding it for us by how hard we choose to work.

Ambitious Premier 2013

Marla Finn

Vice President, North Carolina

I live in Fayetteville, North Carolina with my husband Neal, my son Jackson, and our two other "kids," two delightful basset hounds. We joined ARIIX not quite a year ago after several efforts in network marketing. It has been rewarding to endorse this awesome line of health and nutrition products, to help so many people along the way, and be around such incredible people. Never give up, don't look back and the dream will come true. **(2013 Elite Winner)**

Ken Bailey

Senior Officer, North Carolina

I was introduced to direct sales 15 years ago. I have been extremely blessed in the industry, but never more blessed than when I was introduced to ARIIX in February 2013. I am forever grateful to Todd and Ashley Rowland for helping lead me to this amazing company. I want to thank my phenomenal team who, without them, I would be nothing. I have lost over 60 pounds and am healthier than I have ever been since joining this company. **(2013 Elite Winner)**

Two important things that we have learned over the years in order to know you're with the right company. First, you must have a successful product that your customers will buy month after month, year after year. Second, is a proven and experienced management team who put the Representative first. ARIIX has the best products we have ever used and a management team with an incredible track record. We feel so blessed to be part of the perfect storm that is happening right now. ARIIX has everything in place to help you build a business as big as you want it to be with exclusive product brands that are a wealth of knowledge transformed into a lifestyle change. If you will take these components and go to work investing yourself into other peoples lives and helping them become successful you will find yourself building a tremendous business! **(2013 Elite Winner)**

Tim & Delbra Lewis

President, Alabama

ARIIX is a great company with leadership that I've always admired. The products we have are very unique and I truly believe that everyone needs them. I'm blessed to be a part of this amazing opportunity and looking forward to building a great future here at ARIIX.

Chris & Judy Doyle

Senior Officer, Tennessee

I chose ARIIX because I see the opportunity to be part of something special. Products truly change peoples' lives and the staff aims to help as many people as possible. "To Unleash the Human Potential for Good" says it best. I've been married to my wife Judy for 34 years. We have two children, one granddaughter, and more on the way. **(2013 Elite Winner)**
