# 1. Game Concept

LemonQuest is an innovative AR game where players collect unique lemon-themed NFTs and artifacts, focusing on trading, completing collections, and community engagement, with exciting rewards.

## 2. Objectives

### Collect Rare NFTs

Collect unique lemon-themed characters, multipliers, and NFTs from the Mystery Box. NFTs are free; only gas, transfer, and/or minting fees apply.

### Earn Mint Credits

- Collect NFT sets to earn mint credits for future LemonChain projects:
  - 25 NFTs from the same set = 5 mint credits (any rarity combination)
  - 30 NFTs from the same set = 10 mint credits (any rarity combination)
  - Completing the entire set #1-25 grants 500 mint credits.

## Unlock Rewards:

- Complete a full collection (1-25) for 500 free NFT mint credits to be used towards future LemonChain L2 projects.
- Collect 50 Legendary NFTs from the same set and 50 Chosen Lemons from any of the 10,000 sets for 10,000 mint credits.
- Collect 100 unique Chosen Lemon NFTs from any of the 10,000 sets for 20,000 free NFT mint credits.

\* All LemonQuest NFT's will incur \$2.50 transfer fee in LUSD for every movement, trade, or stake; this is the blockchain fee and is swapped to LEMX and added to the 5 year stake pool for the Validators 5 year LOCK stake and the Delegators' 5 year LOCK Stake.

# 3. Gameplay Overview

## Starting Point

Mint your first NFT from a Mystery Box or earn free mystery boxes through social media contests.

## Collection Completion

Focus on specific sets to unlock rewards. \*each set is identified on every card.

## Trading

Use NFT marketplaces to complete collections or sell NFT cards that you don't need.

## Swap

Trade any 5 LemonQuest NFTs from any set for a LemCredit (redeemable only for L2 project NFTs).

## Trade-In Mechanics

Exchange five player NFTs for a new Mystery Box with a new chance for rare cards.

## 4. Dynamic Tiered Reward System

### Random Structure

Earn Lemon multipliers and LemCredits randomly from Mystery Boxes.

### New Items

Lemon will regularly introduce new mystery items to aid collection efforts.

# Mystery Box NFTs

## Mystery Box

Engage on social media to enhance excitement around launches of new products and services; active players receive evolving prizes to keep the game and excitement alive.

## Gamified Mechanics:

- **Progress Tracking:** An online legend displays sets and highlights missing cards. Expected late Q1 2025.
- **NFT Movement:** Moving LemonQuest NFTs requires \$2.50 in blockchain fees in LUSD for swaps, stakes, and transfers. This LUSD will be swapped to LEMX and placed into the 5 year pool.

## 6. Exciting Ways to Play

### Social Play

AR Treasure Hunts (Phase 2, Expected mid-2025): Search for treasures in real-world locations around the globe.

### Trading and Auctions

Participate in a decentralized marketplace to hunt for your unique set.

### Contests and Events

Join community-driven events for enhanced engagement.

## 7. Limited Edition Multipliers

Discover Limited Edition Multipliers to trade for multiple NFTs or Mystery Boxes, enhancing gameplay strategy.

One set of multipliers will be mixed into every 10 sets, in batches.

1000 LemonCrates will also be mixed into every 10 sets, in batches.

**5X**

**10X**

**25X**

**50X**

**100X**

# 8. Instructions

## Getting Started

Mint your first mystery box for a starter Lemonhead NFT.

## Event Participation

Check the community board for upcoming events.

## Explore Social Features

Engage in AR hunts and trade in the NFT marketplace  
Expected mid 2025.

## Maximize Rewards

Use the game board legend to track and strategize.  
Expected late Q1 2025.

# Community & Support

## Join the Community

Connect with players on forums and Discord.  
Expected Q1 2025.

## Support

Access help for gameplay or technical issues.

# 10. Conclusion

LemonQuest combines strategy, collection, and community interaction for a vibrant experience. Collect, trade, and conquer in the colorful world of LemonQuest!

## Rarity Categories for NFTs

- **Total Game NFTs:** Only 10,000 Chosen Lemons will ever exist across all sets.
- **Set Structure:** Each complete set consists of 25 NFTs based on rarity. The lower the rarity, the larger the quantity of NFT player cards. Duplications of cards help the community collect faster and achieve the LemonQuest goal.

## Rarity Breakdown:

- **Common NFTs:** approx. 41.65%
- **Uncommon NFTs:** approx. 29.12%
- **Super Rare NFTs:** approx. 20.81%
- **Legendary NFTs:** approx. 8.32%
- **Chosen Lemon NFTs:** approx. 0.17%

## Example Breakdown for a Collection Set of 25 NFTs:

- **Common:** 10 NFTs
- **Uncommon:** 7 NFTs
- **Super Rare:** 5 NFTs
- **Legendary:** 2 NFTs
- **Chosen Lemon:** 1 NFT

# Disclaimers and Terms

## Disclaimer

LemonQuest uses blockchain technology and NFTs. Participation involves risks, including market volatility. Players assume responsibility for any consequences.

## Terms of Service:

- **Eligibility:** Players must be at least 18 or have guardian consent.
